Hi I'm Abdulkhaliq and I'm passionate about all things JavaScript and React. I care about writing clean code and I genuinely love to learn. I'm currently looking for the right opportunity to work in an environment that will help me to progress into front-end web development role.

EXPERIENCE

- Built Covid-19 tracker website using an open API that is pulling all of the life stats. It also uses Leaflet package for the Map and Chart JS Library for the Linegraph.
- Built Online Store with user Authentication and Stripe payment functionality.
- Built Responsive website with mobile hammer menu.

EDUCATION

NEXT Academy Full-stack Web Development, Bachelor of Communication Engineering and Master of Electrical Engineering.
